# ABOUT ME

Born in 1976, lives and works in Italy. Painter since early childhood, graduated from the Brera Academy of Fine Arts in Milan, Italy in 2019. Multi-disciplinary artist working with watercolour, textile and paper collage, digital painting and ceramics.

The artist is working and living between Milan and small countryside house in Middle Italy. Finding an inspiration in synergy between nature and human beings, she created the series of unique sculptured objects "The Magic Garden".

Organic forms and rough textures reflects a simple and wise aesthetics of rural farmer's houses with their natural materials such as stone, clay and wood. Sometimes she leaves the clay colour and structure in evidence, sometimes covers it with amazing glazes.
